Thank you for trusting The Event EDITion with your future event needs. Our goal is to elevate every experience and make you proud to partner with us.

We believe every event holds the opportunity to create core memories. It is a privilege we never take lightly. We are incredibly grateful to do what we love every day thanks to partners like you. Giving back is also part of our mission.

Edit Undue, our philanthropic arm, is funded in part through each event rental and supports women escaping abuse and beginning new journeys as single parents.
